

PRiME Tutor Training

Sydney, 20-22 May 2016

(Robert Menzies College, North Ryde)

The annual tutor training run by Prime Australia is an opportunity for Christian* health professionals to be oriented to Prime's principles of whole person medicine, and to develop self-awareness and teaching skills.

* or at least not opposed to the Christian ethos

PRiME has contributed to GP Training in India over 7 years

Tutor training is a preparation/ update for teaching in Australia and necessary for those planning to go on teaching trips to developing countries with Prime. Prime Australia is involved in regular teaching activities in India and has made trips to Hainan, Indonesia, Philippines, Singapore and Papua New Guinea. There are also opportunities being explored to develop relationships with Pakistan and South Sudan.

This year we are hosting 6 participants from Hainan and seeking 1 from Indonesia.
